REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record teaches a liquid crystal display device, comprising: gate and data lines on a first substrate and crossing each other defining a pixel region; a thin film transistor at a crossing of the gate and data lines; a pixel electrode on a first substrate connected to the thin film transistor and having a circular band shape; and a common line on a second substrate spaced apart from and facing the first substrate. The prior art of record does not teach nor suggest a common electrode in the shape of a circular band extending from the common line in combination with the limitations supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James A. Dudek whose telephone number is 571-272-2290. The examiner can normally be reached on 9:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert H. Kim can be reached on 571-272-2293. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
